

Distribution Report

Monthly Report

April 2015

April was very busy. We installed a new copper water service line and a new meter into 969 6th Avenue in preparation of the new water main being installed on 10th Street this summer. We cut down the tree at Lindale water tower and removed the stump and remove the old communication lines from speed com. We also started and finished the yard work on Orchard Dr. from last fall's main project.

In addition we also did the following

Leakhole repair: 11

Yard work: 13

Hydrant maintenance: 6

Service taps: 29

Measure new curb boxes: 24

Locates: 10

Hydrants loaded out: 1
