

Distribution Report

Monthly Report

May 2014

May was a very busy month. We started our leak hole repair program which involves yard work and street repair. We installed a two inch line at Marion High School for their baseball program. Installed a new drain line/floor drain at #1 well house. We redid the yard at 35th Ave. tower from last year's street project, made taps, mowed grass and loaded out three hydrants. The distribution crew also ran plants and did locates.

In addition we also did the following

Leak hole repair: 31

Hydrant maintenance: 1

Service taps: 22

Measure new curb boxes: 6

Service orders: 1

Locates: 47
